

Schedule number: IFCC 1200/S01

For

PA. Charalambous Trading Co. Ltd

This Schedule is based on the Exova Warrington Certification document No. CF377 valid until 30th September 2024 prepared for AGC Flat Glass UK Ltd and relates to the fire performance of the following specifications when tested in accordance with BS 476 Part 22: 1987.

Pyrobelite 7, Pyrobelite 7 EG, Pyrobelite 10, Pyrobelite 12, Pyrobel 16, Pyrobel 16 EG, Pyrobel 25, Pyrobel 25 EG

It is issued in the fabrication of timber glazed screens and is referenced on the **IFCC certificate No. IFCC 1200** issued to the fabricator.

Only timber glazed screens manufactured in accordance with this Schedule are deemed to be covered by the certification.

The Schedule forms an integral part of the IFCC certification scheme SDP 09 as by invoking CF377 as the supporting evidence for this schedule, the details contained in the certificate specifying the scope and field of application for the glasses including the configurations and cut sizes approved together with the seal and frame specifications become part of IFCC certification. As this schedule invokes CF377 it cannot remain valid after the expiry date of CF377.

David Mowatt
Head of IFC Certification /
Kiwa Group Limited

Date first issued: 24 December 2015
Reissued: 09 August 2024
Valid to: 25 July 2025

The certificate and schedule are held in force by regular annual surveillance visits by IFC Certification and the reader or user should contact IFC Certification to validate its status. The certificate remains the property of IFC Certification and must be returned to them on demand.
